Summary

I'm a web developer working in HTML, CSS, JS, and Jquery. Before I became a Developer I used to be a Physical therapy aid and pilates instructor. Being both a Pt aid and Pilates instructor taught me how to be more detail oriented and a better public speaker. Currently, I'm working on a web application using different languages such as JavaScript , HTML, and CSS, and the MERN Stack.

Technical Skills

- HTML
- CSS
- JavaScript
- Ruby on Rails
- Bootstrap
- Node js
- Express
- MongoDB
